

PROGRAM GUIDE

EARTH AND ENVIRONMENTAL SCIENCES (BA)

RECOMMENDED COURSES FOR MAJORS PLANNING TO TRANSFER TO VWU

Students planning to transfer to Virginia Wesleyan University from a school within the Virginia Community College System (VCCS) should complete courses that will satisfy VWU's major requirements and facilitate timely degree completion. Courses in black are strongly recommended—students who do not complete these courses may require an additional year due to course sequencing issues. Courses in blue are encouraged—they would put students ahead by having additional courses completed toward the major.

Students who complete the Associate of Art or Associate of Science degree will satisfy all of the VWU general education program except for the junior/senior seminar (WES 300).

EARTH AND ENVIRONMENTAL SCIENCES (BA)

| VWU COURSE | VCCS EQUIVALENT |
|--|--|
| BIO 130: Principles I: Evolution and Ecology | General Biology II |
| CHEM 120: Introductory | General Chemistry II |
| EES 131: Physical Geology with Lab | Physical Geology |
| EES 200: Oceanography | Oceanography I |
| CHM 221: Organic Chemistry I | Organic Chemistry I with Lab <i>(both courses must be completed to fulfill CHEM 221: Organic I)</i> |

While all courses with passing grades are accepted as transfer credit, some major requirements include prerequisites for which a grade of "C" or better must be earned.
